Seabrook, New Hampshire 03874

Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts and records of the Town of Seabrook for the fiscal years ended December 31, 1972 and December 31, 1973, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

One of the enclosed audit reports must be given to the Town Clerk for retention as part of the permanent Town records.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Municipal Court, Water Department and Trustees of Trust Funds.

FINANCIAL STATEMENTS

General Fund:

Comparative Balance Sheets: (Exhibits 1 and 24)

Comparative Balance Sheets which disclose the financial condition of the general fund as of December 31, 1971 - 1972 and December 31, 1972 - 1973 are presented in Exhibits 1 and 24. As indicated therein, the Current Surplus of the Town increased by $328.89 in 1972 and $27, 539.12 in 1973.

Analysis of Change in Financial Condition: (Exhibits 2 and 25)

Statements presenting an analysis of the factors which caused the change in financial condition of the Town during the fiscal years ended December 31, 1972 and December 31, 1973 are presented in Exhibits 2 and 25, respectively.

The factors which caused the increase of $328.89 in Current Surplus in 1972 were as follows:

Increases in Current Surplus:		
Net Budget Surplus (Exhibit 4)	$10,186.36	
Tax Collector's Excess Credits (Property Taxes)	793.80	
		$10,980.16
Decreases in Current Surplus:		
Decrease in Accounts Receivable	$ 154.90	
Increase in Estimated Uncollectable Tax Liens	10,496.37	
		10,651.27
Net Increase in Current Surplus		$ 328.89

The factors enumerated hereinafter caused the increase of $27,539.12 in Current Surplus during 1973.

Increase in Current Surplus:	
Net Budget Surplus (Exhibit 27)	$34,153.40
Decrease in Current Surplus:	
Increase in Estimated Uncollectable Tax Liens	6,614.28
Net Increase in Current Surplus	$27,539.12

Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues: (Exhibits 3 and 4; 26 and 27)

Comparative statements of general fund appropriations and expenditures, estimated and actual revenues for the fiscal years ended December 31, 1972 and December 31, 1973 are presented in Exhibits 3 and 4, 26 and 27.

As indicated in Exhibit 4, a revenue surplus of $21,098.24, less a net overdraft of appropriations of $10,911.88, resulted in a net budget surplus of $10,186.36 in 1972. In 1973, as disclosed by Exhibit 27, a revenue surplus of $42,205.75, less a net overdraft of appropriations of $8,052.35, resulted in a net budget surplus of $34,153.40.

Water Department:

Comparative Balance Sheets: (Exhibits 5 and 28)

Comparative Balance Sheets of the Water Department as of December 31,

1971 - 1972 and December 31, 1972 - 1973 are presented in Exhibits 5 and 28. As indicated therein, the Net Debt of the Water Department decreased by $60,081.31 in 1972 and by $55,476.38 in 1973.

The aforementioned statements do not give effect to accounts receivable, accounts payable and other accrued items. In addition, depreciation has not been recorded on utility plant in service and contributions in aid of construction have not been capitalized in current and prior years. Consequently, the statements do not present the financial position of the Water Department at December 31, 1972 and December 31, 1973 in conformity with generally accepted accounting principles.

Long Term Indebtedness:

Comparative Balance Sheets: (Exhibits 6 and 29)

Comparative Balance Sheets of the outstanding long term indebtedness of the Town as of December 31, 1972 and December 31, 1973 are shown in Exhibits 6 and 29. The long term debt decreased by $31,837.15 during 1972 and $31,910.63 in 1973.

Statements of Debt Service Requirements: (Exhibits 7 and 30)

Statements showing annual debt service requirements as of December 31, 1972 and December 31, 1973 are contained in Exhibits 7 and 30.

TREASURER

General Fund:

Classified Statement of Receipts and Expenditures: (Exhibits 8 and 31)

Classified statements of general fund receipts and expenditures for the fiscal years ended December 31, 1972 and December 31, 1973, made up in accordance with the uniform classification of accounts, are included in Exhibits 8 and 31. Proof of the Treasurer's balance as of December 31, 1972 and December 31, 1973 are indicated in Exhibits 9 and 32.

Water Department:

General Fund:

Classified Statement of Receipts and Expenditures: (Exhibits 13 and 36)

A classified statement of Water Department receipts and expenditures for the fiscal years ending December 31, 1972 and December 31, 1973 are included in Exhibits 13 and 36. Proof of the Treasurer's Balances as of December 31, 1972 and December 31, 1973 are indicated in Exhibits 14 and 37.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures

as were considered necessary in the circumstances.

Verification of uncollected and unredeemed taxes were made by mailing notices to delinquent taxpayers as indicated by the Tax Collector's records. Consequently, the amounts of uncollected and unredeemed taxes as indicated in this report are subject to any changes which may be necessitated by the return of verification notices.

GENERAL COMMENTS

Overdraft of Appropriations and Application of the Municipal Budget Law:

There was an overdraft of town budgetary appropriations of $13,965.57 in the fiscal year ended December 31, 1972. Similarly, a net appropriation overdraft of $7,638.48 occurred in the fiscal year ended December 31, 1973.

Inasmuch as the Town of Seabrook has adopted the provisions of the Municipal Budget Law (Chapter 32, Revised Statutes Annotated), the Board of Selectmen, with the written approval of a majority of the Budget Committee, should have made application to the Tax Commission in 1972 and to the Commissioner of Revenue Administration in 1973 for a certificate of emergency authorizing expenditures in excess of budgetary appropriations in those years. This, however, was not done. Therefore, expenditures in excess of budgetary appropriations voted by the Town in 1972 and 1973 were not properly authorized and resulted in a violation of Section 10, of the aforesaid Municipal Budget Law.

Unredeemed Taxes:

As of December 31, 1973 unredeemed taxes on account of the levies of 1970 and prior years amounted to $44,767.72, as shown in the following tabulation:

Levy Of	Unredeemed Taxes
1970	$12,263.90
1969	9,395.94
1968	8,502.13
1967	6,682.72
1966	2,618.82
1965	2,319.46
1964	1,489.06
1963	830.92
1962	664.77
	$44,767.72

This amount represents approximately forty-eight percent of the total unredeemed taxes outstanding at December 31, 1973, as shown by the Tax Collector's records.

The statutory redemption period has expired in all of these cases. The Tax Collector, therefore, should have delivered tax deeds to the Town for

all delinquent real estate involved. This, however, was not done prior to December 31, 1973. Consequently, these unredeemed taxes are carried on the Town records as part of the total assets of the general fund and in our opinion, overstate the amount of the Town's current surplus.

To correct this condition the sum of $44,767.72 has been inserted as a provision for estimated uncollectable tax liens on the Balance Sheet as of December 31, 1973 (Exhibit 24). This reduces the estimated recoverable tax liens held by the Town at that date to $49,855.27. We believe that the latter amount reflects more realistically the net assets and current surplus of the Town at the close of the fiscal year 1973.

The Tax Collector has been instructed to execute tax deeds to the Town at once on all properties on which tax liens are in default of redemption, in accordance with the requirements of R.S.A. 80:38.

Town Treasurer:

The surety bond of the Treasurer should be equal to that of the Tax Collector, therefore, it should be increased from $25,000.00 to $29,000.00.

The town Treasurer is not closing the books on a timely basis as required by law.

The money held in the Treasurer's account during the fiscal year ended December 31, 1973 was unusually high and should have been used to reduce the outstanding tax anticipation note position or invested for income.

Clerk of Court:

The Seabrook Municipal Court has been discontinued as of November 16, 1973 and all records through that date have been audited and monies turned over to the Town as required by law. The balance shown in Exhibit 42 at December 31, 1973 has been turned over to the Town in January 1974.

Conclusion:

The provisions of Chapter 71-a, Section 21, of the Revised Statutes Annotated require that the Auditors' summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town. Publication of the Exhibits contained in the audit report is optional, at the discretion of the Board of Selectmen.

We extend our thanks to the officials of the Town of Seabrook for their assistance during the course of the audit.

Very truly yours,

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Town of Seabrook for the fiscal years ended December 31, 1972 and December 31, 1973.

Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, subject to the qualifications stated earlier in the comments regarding the Water Department financial statements, the accompanying balance sheets, statements of revenues, appropriations and expenditures, and surplus, present fairly the financial condition of the Town of Seabrook at December 31, 1972 and December 31, 1973, and the results of the operations for the years ended on those dates in conformity with accounting practices generally followed by municipalities applied on a basis consistent with that of the preceding year.

Respectfully submitted,

SEABROOK

Fiscal Year	1971-71	1972-73	1973-74
Total calls	3886	4206	4775
Seabrook	1185	1235	1431

During fiscal year July 1, 1973 through June 30, 1974, 1431 calls were made in Seabrook. Of these calls 447 were made free of charge or at a reduced fee. It is agency policy to scale fees or provide service on a no charge basis to those patients unable to pay. In addition to skilled nursing care, the services to our Physical Therapist were utilized by several Seabrook residents.

Currently 195 children from Seabrook are being followed at our Well Child Clinic. They receive physical exams, immunization, counseling, blood tests, developmental screening, urine tests and vision and hearing tests. We also had a Dental Clinic for those children who are in our Well Child Clinic which included cleaning, topical fluoride treatment and dental health teaching.

In addition to the above mentioned programs, monthly visits are made to those persons who are included in the State TB programs to observe for any adverse reactions to their prescribed medications and to assist them in making appointments for adequate follow-up care.

We are also involved with the Aftercare program in conjunction with the Seacoast Regional Counselding Center. Patients who have been discharged from New Hampshire Hospital are followed, appointments are made for them to be seen at the counseling center for medication reviews and additonal assessment and much emotional support is given to both the patient and family.

Referrals are made to appropriate agencies when the need arises. Some of the resources we frequently use are the Family Planning Clinic, Crippled Children's Clinic, Pediatric Cardiac Clinic, Child and Family Services, Welfare, Legal Aid, etc.

In Seabrook we worked with 11 families this way in 1974

HIGHWAY SAFETY COMMITTEE

REPORT FOR 1974

1. The Smithtown Rotary was finally completed as to directional signs, norht and south, yield signs to slow up merging traffic, and the elimination of unsafe cross traffic at Folly Mill Road .

2. The 55 M.P.H. State Limit sign at the entrance to New Hampshire on route 1, was eliminated because of the confusion it created with the 35 M.P.H. regulatory speed on this road.

3. The "RADAR CONTROL" program got under way officially with the placing of the State "SPEED CONTROLLED BY RADAR" signs by Bill Felch's boys. Placing ot these signs, legalizing the use of the Radar equipment, brought the State Police into the program of controlling speeds by electronic scanning.

4. The Safety Committee worked with the officers of the new Seabrook Bank in an attempt to ease the unsafe conditions existing at the Post Office--Railroad Avenue--Lafayette Road conflict. The architect, with assistance and ideas from the committee, have in effect, created the basis for a nice appearing and relatively safer intersection. The single entrance/exit to both the post office and the bank, together with traffic light control at the Railroad Avenue--Lafayette Road intersection will once and for all solve 4 or 5 major "neighborhood complainst".

5. Once again the Safety Committee provided refresher course for Police Officers using the new American Red Cross Ambulance Course. With the assistance of Lt. William Sullivan of the Hampton Fire Department several officers were brought up to date in the use of "Cardiopulmonary Resuscitation", better known as "CPR", or attack on heart attack victims.

6. During "Summer '74" the traffic lights at Washington Street--286 "froze" with the green lights in the east-west direction, and red on Washing Street direction, and usually this occurred during the week-end heavy traffic periods. The Committee requested State Traffic Division to re-do and modernize these controls. The lights having failed at least 16 times during the worst of traffic loads created an "emergency" and the State was able to change the entire system immediately.

7. All road painted signals and guides were renewed, and several new ones added at our request.

8. STOP, YIELD and CAUTION-CHILDRED signs as well as NO PARKING were placed as State Regulations indicated. Roads that have suddenly become quite active have received the CHILDRED signs especially.

9. Project 107, both at the track entrance and the Route 95 exit and entrance ramps, the problem of lighting is still with us. Officers on Traffic duty at these ramps have asked for better illumination to safeguard their traffic control positions. Flood-lights have been tried as well as other forms of illumination. However, these requests are being followed up, new methods will be tried, but at the moment the requests are not entirely consistent with good engineering practice.

10. It should be mentioned that the Safety Committee had been successful in obtaining a grant of $2,500.00 to be used as a Traffic Control cruiser funding base, like amount to be raised by the Town. The Town pays full price for its cruisers. This Federal Type Standard cruiser would have saved 50%. It was unfortunate that we lost the use of this "handout".

Seabrook folks in great numbers have co-operated with our safety efforts, and to those who have clled safety hazards to our attemtion, to those who have gone out of their way to commend improvements, and especially to those who have accepted our safety admonitions and made them their driving guids, our sinderest thanks.

Respectfully,

William Felch, Highway Supt.
Richard P. Beckman, for Schools
